NATURAL TEAK

NATURE'S GOLDEN GRAIN

High-quality teak is a top choice for our garden furniture due to its natural beauty and durability. Its rich, golden tones and natural oils make it resistant to moisture and UV rays, allowing it to thrive outdoors.

Over time, teak will develop a silver-gray patina, but our 4SO maintenance products help keep it in top condition. These treatments clean the wood, protect it against stains, and restore its color if it has started to gray.

Regular maintenance not only enhances the beauty but also extends the life of your teak furniture. With proper care, it remains a lasting feature in your outdoor space, providing style and comfort for years to come.
